THE PRODUCE LOAN--- APEECH OF VICE-PRESIDENT STEPHENS. From the Augusta Constitutionalist]

Yesterday was one of the days to be remembered in this city. It was the occasion chosen by Vice-President Stephens to fulfill a part of or produce loan to the Government. He had cotton—our surplus is cotton: already filled his other appointments in the us to see how nobly the ladies responded to the early and the latter rain—we should have our invitation to be present; and the enthusian in the good cause which they manifested, on the bonds, and maintain the public credit. they may rest assured, will have a most beneficial effect upon the men of old Richmond.

The stand was spected in the neautiful grove
of the academy lot, and was covered with canwill have to be raised by taxation. Even bevas and draped with confederate flags. On the stand were a number of our prominent citl of fifteen million, to meet necessary wants,

quested to act as secretary. make a speech. There was much to be done before our distinguished fellow citizen could commence his address, and he therefore hoped that his hearers would lend him their assist-

We shall not attempt anything like a verbatim or full report of Mr. Stephens' speech, although we took full notes of it, but we shall over and above his immediate wants—that content ourselves with giving a fair synopsis which he is able to law or interest at remediate wants—that

but plain matters of fact. He had no display to make—nothing to miter for their entertainment. We are engaged in a war for political, as well as social existence; a war the most important the country has ever been involved in since the Declaration of Independence. We have had many wars since that time—an Indian war, a sort of French war, and a first thorize all trust funds to be vested in these and second war with the mother country; but and second war with the mother country; but a stocks, which will cause a great demand for apit-am. his one transcends them all in its magnitude | them.

quire an increase of men as well as money on enough to sustain those men comfortably in the par of our Government, on the meeting of the field. Congress on the 20th inst., at Richmond, over the estimates already stated. Instead of one hundred the sand fighting men, we may have to call out two handred thousand; and instead could exert gr at influence in carrying out the

Six hundred thousand Persians led by Darius enthusiastic applause. against the Confederate States of Greece, furnish an example of freemen fighting against The Wiss vast host lovaded Greece, those am il States could raise but 11.000 men; these met a large portion of the enemy upon the field of battle and put them to flight—60,000 Persians being powerful impression in the west as well on powerful impression in the west as well on the rathless invades a powerful impression in the west as well on the real powerful impression in the west as well greater dds than in our case. When this

God of battles for the justice of our cause, and nerve our elves for the conflict remembering given most valuable instruction to the following that "thrice armed is he who has his quarrel ers of Gen. Wise. Mons. P. Is an admirable

American constitutional liberty is that announced in the Declaration of Independence, proclaimed on the 4th of July, 1776, by the depaties of all the thirteen colonies, which, from that day, constituted the original full-teen States—that all governments derive their just powers from the comment of the governed.

Massachumits, Connecticut, Rhode Island, Name Vork and all the other porthern States.

Massachumits, Connecticut, Rhode Island, Name Vork and all the other porthern States.

Massachumits, Connecticut, Rhode Island, Name Vork and all the other porthern States.

Massachumits, Connecticut, Rhode Island, Name Vork and all the other porthern States. Massachumetts, Connection, Rhode Island, New York, and all the other northern States, united with Georgia and the other southern States, in proclaiming this great principle to the world, on that ever memorable day; and for its maintenance they piedged "their lives, their fortunes, and their sacred banor;" and the Southern Confederacy, He declares that the Massachusetts, and all the Southern Confederacy, He declares that the Massachusetts, and all the Southern Confederacy, He declares that the Massachusetts, and all the Southern Confederacy, He declares that the Massachusetts, and all the Massachusetts, and all the Massachusetts, and all the Massachusetts and all the Massachusetts are severally that for the soverangest but for the their fortunes, and their sacred bonor;" and yet, strangs to say. Managehoustia, and all the other northern States, are to-day putting forth their numest seemles to course, subjustified forth their numest seemles to course, subjustified for the government, but for the people;" "never for preregative, always for liberty." He is a man of great physical prowliberty." He is a man of great physical prowChildrens Fancy Goods. gate and govern cleven States against their consent and will. We stand where our fathers stood, battling for the same principles, and These officers have a fresh and extensive fame.

to battle; and whatever amount or money will be necessary to support them in the field must be raised; whether it be fifty millions, or a hundred millions per annum. The resources of the country are annum. The resources of the country are disproportion between the sexes is not universally the remaining in the r ample. The resources of the country are supple. The taxable property of the eleven Confederate States, unon a reasonable estimate, cannot be less than four thousand millions of dollars. The taxable property of Georgia alone last year was six hundred and seventy millions of dollars. The requisite amount might not be easily or readily raised by taxable. The wealth and resources of our country do not consist in money; they consist chiefly in productive capital. The ability of a people to maintain wars, depends greatly HOW TO MANUFACTURE LEATHER.

irinale. This is especially true of cotton-it iri4-imitaw is the great motor of commerce. Its money variate, upon an average estimate, is about two hundred collidons of dollars per annum. But it exercises a power far above its money variations of the large of things, formerly occasied by us as a capital in Europe, to say nothing of the large inted. Apply we wromen them separate if decired. Apply we wromen them separate if decired.

This staple must be had by ether nations, by England and France, especially, or the great-est distress will be felt by the millions of their cople who are dependent upon it for their

ially bread.

The plan of the government for raising the means to carry on the war, which is submitted WCLANAHAN & DILL. o you to-day, is to take a loan from the planre of the nett proceeds of such portions of the duty assigned him by the Government—the their crops as they can spare. In other secgressional district upon the subject of a cotton | breadstuffs will be taken. Here we produce Should the crop amount in value to the esti-At 10 o'clock, a. M., a vast concourse of the citizens of Richmond county—the number presept being variously estimated at from two to the control of the Government, which, upon three thousand—assembled at the academy lot, where a stand for the orator, and other promi- an army of two hundred thousand in the field. ment gentlemen, had been erected, and accommodations for scating the large audiance had been provided by the able committee of arrangements. It was a source of pleasure to favor us, as heretofore, with seasons—with

zens, as also the reporters of the press.

Shorily after the appointed hour, on motion of his honor, Mayor May, Judge E. Sturnes was called to the chair, and Dr. B. F. Hall retributed, they will receive Government bonds The Judge, on taking the chair, returned bearing eight per cent. interest, payable semithanks for the compliment bestowed upon him, annually. This they will receive instead of and said that, as a return for it, he would not hank bills. The subscription is in the follow-

ance in order to facilitate the business of the lended to answer the purposes of currency. I meeting as much as possible. After some time consumed in arranging pre- their face they are transferable as notes made iminary matters, the chairman istroduced Mr. payable to bearer, but they are unsuited, in Stephens to the audience, who greated him form and size, for a currency or a circulating with long and heartfelt applause. content ourselves with giving a fair synopsis which he is able to lay up instead of vesting of the distinguished speaker's remarks.

Upon rising, he expressed his gratification debts or not will depend very much upon the at meeting so large an assemblage of his fel- nature of the debts. All those who hold notes low-citizens—be was glad to see not only so upon money let—looking to annual interest, many men out on the occasion, but also so will doubtless take Confederate bonds in paymany women—so many mothers and fair ment of such debts, and be glad to get them.
daughters of the land. It was true the subjects
for the bonds will bear eight per cent. Interthe had in hand, the topics he had to present. more particularly concerned the men, and only | paid every six months. Those, however, who one class of them, to-wit: the cotton planters. | are in debt, had better first see their creditors, Still all of every class, men and women, were and know whether they will take the bonds in equally interested in the great questions now payment. On this point it is important that pressing to a solution, and on the solution of which the individual fortunes, as well as the common destiny, of all depended. All, therefore, did well to be out, and he was gird to family and plantation. And yet, there can be meet them. His mission subtraced nothing but little doubt that if any one should sell his but plain matters of fact. He had no display whole crop for bonds, and should want the

Should the war be a short one, the bonds at His object was to present to the planters of Richmond county, the plan adopted by the Confederate States Government to raise the necessary means to sustain our cause. Wars required the confederate states Government to raise the necessary means to sustain our cause. Wars required to make the firm the confederate states of the confederate require men and money. Congress, before ad-journing from Montgomery, had provided for ternative he did not take into account—that g one hundred thousand men for the is, the contingency of our being beaten in the Most nobly and patriotically had the contest. Should such a calamity befall us, call been responded to throughout the Confederacy—and in no locality, perhaps, more so than in the city of Augusta and the county of Richmood, taking population into consideration. Ten companies have already gone, and others were consideration. Ten companies have already gone, and others were consideration. Ten companies have already gone, and others were considerations. Ten companies have already gone, and others were considerations would be worth nothing, cotton that event lands would be worth nothing. Richmond, taking population into gonsideration. The companies have already gone, and others were organizing to follow.

These men, and all the other thousands and tens of thousands who have so bravely tendered their services, and offered their lives, if necessary, upon the sitar of their county in this bour of her ulmost need—these thousands and tens of thousands who have gone and will still go to drive back the invading foe from our soil, must be clothed, must be fed, must be armed, must be provided with all necessary wants. This will require large sums of meney. In addition to all the means at the disposal of the Government at the adjustment from himsensery to Richmond, the Secretary of the Treasury estimated that it would require fifty millions to meet the wants of the Treasury during the present fixed year, ending the Richmond, the Secretary of the Treasury estimated that it would require fifty millions to meet the wants of the Treasury of the Treasury estimate was bread upon the assumption of one bundred thousands must be part of the enemy, has assumed a broader and a wider range—it has grown into much bury rad one provided with the enemy was whipped and broader and a wider range—it has grown into much bury rad one provided with the conduction of the enemy, has assumed a broader and a wider range—it has grown into much bury rad one provided with the enemy was whipped and for a side superior in othing, So that if we succeed, the bonds will be succeed, the bonds will be a good investment; and if we do if we will an under succeed, the bonds will be a good investment; and if we do an anything elec.

As to the duration of the war, he could not give them even a probable conjecture. In every wing the purpose of the subject, it was a most tration and transmit of the succeed, the subject, in the succeed, the week a probable conjecture. In every wing two did upon all reasonable principles be the greater sufferers from it. They live by their trade, their commerce, their navigation.

By Endrich Commission and Grow inv

hundred the send fighting men, we may have to call out two handred thousand; and instead of fifty millions of dollars, we may have to objects of the Government in its pelicy—the soda Water, from glass lined foundates.

DEARING & WETHERILL, to call out we handred thousand; and instead of fifty millions of dollars, we may have to raise one hundred millions, or even more. The enemy must be expelled; but the requisitions of men and money be what they may.

Our resources of men and means are smole, with united and pativoic effort on the part of the people, under a favoring providence, to maintain our rights and independence sgainst any odds that the commy may bring against us. But let no one irragine that this can be done without persons privations and sacrifices. Everything dear to freemen is involved in the coatest; and every son of revolutionary sires, every woman, every child, should be prepared to devote thair all—best fortunes, as well as like, if need be, to the success of our cause. Paceful retirement is dear, home is dear, bed if younders and illustries are learn, life is dear; but there is something dearer to the true man than all these—bonor and independence—that spirit which arompled the fathers of 1770 to peril their all in a seven years straigle for those great principles of self-government and constinutonal liberty, which is our birthright, and which none but degenerate sons would ever surrender at less coal than it required to catablish them.
